March 25, 2021

# **Comanche Peak Nuclear Power Plant Needs Your Help with Their Emergency Planning Survey**

**Granbury, Texas** – The City of Granbury is working in cooperation with the Hood County Emergency Operations Center and the Comanche Peak Nuclear Power Plant to fulfill their 2021 Emergency Planning Survey, and your help is needed.

“We work hard to make Comanche Peak Nuclear Power Plant one of the safest and most reliable sources of electricity for Texas,” said Kim Waldrep, Emergency Planning and Communications Director for Comanche Peak. Periodically we ask the surrounding communities to help us by filling out a short survey to assist us in our local emergency management strategies.”

Waldrep asks everyone in the City of Granbury for their help in filling out this short survey. “It only takes a few minutes, and your responses are greatly appreciated,” she said.

To take the survey, go to <https://CPNPPsurvey.kld.engineering> or simply scan the QR Code with a smart device.

For further questions or more information, please contact Granbury Public Information Officer Alex Southern at [asouthern@granbury.org](mailto:asouthern@granbury.org) or 817-573-6764.
