June 8, 2020

City Crews Working Two Water Main Breaks

Granbury, Texas – Multiple crews from the City of Granbury Public Works Department are currently working two water main breaks. Traffic is being rerouted in both areas, so the driving public should make other plans and be extra cautious in the work zone areas.

The first break is a six (6) inch cast iron line at the intersection of Houston and Rucker. Houston St. is currently CLOSED from Bridge St. to Ewell St. (near the railroad tracks).

The second break is of the same type but is located at the intersection of Pearl and Baker Streets. There will be a slight disruption in water service in these areas. City crews will be onsite until all repairs are made.

For more information please contact Granbury Public Information Officer Alex Southern at 817-573-6764 or at asouthern@granbury.org.
