NEWS RELEASE

For Immediate Release

July 1, 2020

Loop 567 Lane Closures Scheduled to Remain in Place During July 4th Weekend

Granbury, Texas – The Texas Department of Transportation, TxDOT, wants to remind drivers that the traffic control signal lights at the Loop 567 bridge embankments and approaches over the Fort Worth & Western Railroad between East Pearl Street and Quiet Cove Road will remain in place over the July 4th holiday. This project is scheduled for completion in late summer 2020.

TxDOT also wants to remind drivers that 167 workers and road users were killed in work zones in 2019. The leading causes – speeding and driver inattention – are entirely preventable.

Remember: protect workers and protect road users. Together we can do it!

For more information please contact Bethany Kurtz at the Fort Worth District TxDOT Headquarters at Bethany.Kurtz@txdot.gov or at 817-370-6744. You can also contact Granbury Public Information Officer Alex Southern at 817-573-6764 or at asouthern@granbury.org.
