

2024 Unified Transportation Program

Transportation Excellence for the 21st Century
(TEX-21) July 2023 Meeting

July 28, 2023

What is the Unified Transportation Program?

- TxDOT's annual 10-year plan that guides the development of transportation projects across the state
- Determines how much transportation funding the state expects to have over the next decade and how to distribute it
- Organizes funding into 12 categories that focus on different types of transportation projects
- Includes all transportation projects that TxDOT is developing for construction over the next 10 years
- Required by state law to be approved by the Texas Transportation Commission each year by August 31
 - May be updated more frequently to authorize a major change to funding allocations or listed projects

What is the Unified Transportation Program?

- The UTP lays out TxDOT's commitments to develop certain transportation projects over the next 10 years. However, the UTP is not a construction budget and does not guarantee that all projects will be built.
- The funding levels in the UTP are based on a forecast of potential transportation revenue that may be available over the next 10 years.
- The plan authorizes TxDOT and local partnering agencies to prepare projects for construction based on the potential future cash flow. However, funding levels may change in the future, which may in turn affect TxDOT's plans.

US 377 Texas Corridor

US 377 Texas Overview

461 miles

(~127 multiple designation highway miles)

From Del Rio to TX/OK State Line

7 TxDOT Districts

32 Cities

15 Counties

Source: TxDOT Open Data Portal, 2023

US 377 Texas Corridor Overview

TxDOT District	Cost of Projects Under Development
Austin	\$ 1,873,353
Brownwood	\$ 275,825,963
Dallas	\$ 143,815,279
Fort Worth	\$ 2,112,155,133
Paris	\$ 14,180,106
San Angelo	\$ 2,456,460
Total	\$ 2,550,306,294

Figures represents estimated cost of projects under development in the 10-year UTP.
