### City Releases Food Service Health Scores for January 2021

**Granbury, Texas** – The City of Granbury released the January 2021 Health Scores for more than 20 Granbury restaurants and eateries. There were only four perfect scores of 100, with all others ranging to as low as 78. The point scoring system ranges from 0-100, and each violation has a demerit value; this value is subtracted from 100 to give the inspection score.

The City's Code Enforcement Health Inspectors' mission is to help Granbury citizens achieve a state of wellness through public health service and education programs. Staff conducts inspections 2-4 times, annually. Each inspection results in a score based on the number of violations found. This month's scores were:

1/04	A-1 Donuts	78
1/04	Courtyards at Lake Granbury	96
